

Application for a learnership to obtain a National Certificate: Information Technology (Systems Development), SAQAID: 48872

Chillisoft and a group of our customers are sponsoring 15 learners to participate in the learnership program that is facilitated and run by Chillisoft. The learnership is a 12month program and commences on the 1st March 2019. The learnership consists of a practical on the job work experience and a week of lectures each month. If you are chosen for the learnership, you will sign a learnership agreement with your sponsor and you will be paid an allowance for the duration of the learnership. On successfully completing your learnership, your sponsor has the first option of offering you permanent employment.

Interview Process

Please read through the Chillisoft's recruitment process [here](#). Applications must be submitted before the 6th December 2018. Successful applicants will be notified before or on the 11th January 2019.
